📍 33 rue du bastion Saint André
59800 Lille
France

I am currently working as Head of Sourcing & Purchasing for a french furniture company.
Thanks to 2 years spent in Indonesia I developed my skills on a new language but more over a deep understanding of furniture production set up.
Previously I worked in Vietnam for a local furniture company selling premium European brand (Minotti, Baxter, Ligne Roset,...)
My technical skills learned thanks to my two years in architecture school are appreciated in this sector.
I have an entrepreneurship spirit! I am creative, restorative, learner and a very positive person.
